TTC hires Events Coordinator and West Coast Representative

Technology Transition Corporation is pleased to announce the hiring of two new members to our staff:

Vera Medici:

Vera Medici was hired to serve as our new Events Coordinator. Vera plans events, directs logistics, and creates graphics and promotional materials for a range of TTC clients. She brings to the table almost a decade of event planning experience, as well as an entrepreneurial background in the travel and tourism industry.

Vera holds a B.A. in Communication from George Mason University.

Cory Shumaker:

Cory Shumaker serves as TTC's West Coast Representative. Cory assists with various business and membership tasks for the California Hydrogen Business Council (CHBC) as well as event planning, workshop planning, strategic planning, advising, and general council representation. As CHBC's Program Assistant, he brings his experience with zero emission heavy duty vehicles to provide insight on behalf of stakeholders. Cory has previously worked for Vision Industries Corporation and has received his Bachelor's Degree in Electrical Engineering at California State University-Long Beach, and will complete his M.B.A. in Decision Sciences & Entrepreneurship at Loyola Marymount University.
